

AUTOMATED PRIZE ORDERING A GAME CHANGER FOR COORDINATORS!

EXCLUSIVE TO AUSTRALIAN FUNDRAISING

AN EASIER, QUICKER AND MORE STREAMLINED WAY TO FUNDRAISE!

Students can win up to 15 unique prizes with Australian Fundraising's exclusive automated prize ordering option! As students fundraise, they automatically unlock each incentive prize when they achieve the prize goal. These prizes are ordered automatically at the end of the fundraiser based on how much students raise online! Quicker than ever, all of your prizes are delivered in one go, only days after the end of your fundraiser.

Short on volunteers? Automated prize ordering is the perfect way to ensure your limited volunteer hours are going to good use on the ground! Without needing to wait for students to confirm their prizes or submit cash donations, automated prize ordering gives you dozens of hours back in your week!

Do you love the customisation that comes with traditional prize ordering? It's still an absolute winner and available for schools and groups. Choose your favourite way to order prizes today.

"Automated prizes were SO much better for us! We were able to sort the prizes in two hours this morning with just three of us. Absolute game changer!" - **STACY M**
